Heart to Heart...

They are the four greatest words that anyone can build their life on. These words came from Jesus Himself while walking and living in our world. While teaching His disciples how to pray, these four words were monumental in recognizing God's power directed toward those who believe. When Jesus was grieving in the garden from His soul, He humbly bowed before His Father and used these four words in three different prayers. These four words became the entrance of assurance before God. Jesus faced great hostilities with a calmness and power man has never seen, and He overcame death because of these words. His life was built upon these four words and His life of faith was wrapped up in them. Jesus tried to get His disciples to see the significance of believing them.

The four great powerful words are the easiest to repeat but very difficult to believe and accept. Many often say them but their lives reflect something different. That's hypocrisy. These four words were not intended to be repeated as meaningless repetition in our sentences and prayers. They are not to be thrown around because they sound spiritual. What are they? **THY WILL BE DONE!** An honest, submissive and trusting response to God brings life changing power to us from the Lord. These four words are not repeated for prayer sake but a surrendered life offering themselves into the hands of a Father's will. These four words mean your personal desires, all your plans and thoughts are given over into the care of God while you humbly follow His will. Until these words are believed upon with all our heart, our lives will change very little. Our lives will flounder upon our wants hoping God will give us what we ask. Have you ever wondered why it is so difficult to make progress spiritually? Have you found yourself struggling with things wondering why it is so easy to be overcome by evil and difficult to overcome with good?

Four little words offered from a heart of faith and given toward God brings about life changing results. Jesus knew it and teaches us to trust in God. Four little words... **THY WILL BE DONE!** Think about it!!!
