-Teaching the Saved to Win the Lost-

2 Timothy 2:2

…what you have heard from me in the presence of many witnesses entrust to faithful men, who will be able to teach others also.

# QUICK FACTS & HISTORY

- Arequipa is a city of over 1 million in Southern Peru located in the Chili River Valley. It lies within the Andes mountains at 7,550 ft. elevation. Perhaps its most famous geographic landmark is El Misti, the inactive volcano. The valley is very fertile, and mining is prevalent.
- Sillar, a white volcanic rock, is quarried and used for architecture in the city and is the reason for it's nickname "The White City". Sillar is naturally heat resistant, easy to carve, preserves well and doesn't absorb ground moisture. It used all over the city.
- Its first known inhabitants were the Collagua, an Andean people, that were incorporated into the Inca empire. The city was founded by the Spanish in 1540 Garcí Manuel de Carbajal officially founded Villa Hermosa de Arequipa by order of Viceroy Francisco Pizarro.
- It is known as Peru's 2nd Capital, and residents –Arequipenos - are proud of their unique dialect, own music (yavari), and cuisine. It is 90% Catholic, and Catholicism is taught in schools.

A partial view of the Valley; broccoli, corn and other vegetables are grown and sold commercially.
A very large kernel corn is very popular in Arequipa. An Empty Field, a Seeded Field, a Growing Field, and a Harvest Field are very relatable to the church there.

GRAND VISION

- The small congregation in Arboperu church of Christ had about 30 people attending. Problems among preachers and other leaders has hurt the unity of the church.
- Five people completed the 4 Fields Discipleship training. We hoped for more but were happy that 5 people at least were diligent to complete the training.
- After a few days, the group began to grasp the importance and the value of the training.
- The training took 6 days. The time during each day was limited by work schedules for those attending, the necessity to go through the material more slowly than anticipated.
- At the end of the training, the people who attended were very happy to have the training and were eager to put it into practice.
- They now have training, access to resource material and can begin reaching and teaching others using easy to learn tools.

- We were able to study with young men of one of the members. Although he wanted to be baptized his father forbade it.
- Liliana provided counseling specific to some members who were having difficulties. She also specifically taught a small group of women who were very receptive.
- The church's songbooks were in great disrepair. We provided a USB with many hymns and spiritual songs that can be used with a computer and projector. Nacho and I provided funds to for a computer and projector.
- Not many took advantage of a time set aside to worship and/or study during the evenings.
- We provided contacts with other brethren in Ecuador who use the same outreach material. Overall, the members were loving and appreciative.
- PLEASE PRAY FOR THE ARBOPERU CHURCH.
